

## B2C Service Agent Browser User Interface September 9, 2021 Release

Description
<b>Knowledge Advanced</b>
An issue that caused ordered alphanumeric lists to display inconsistently has been resolved.
<b>Workspaces/Workflow</b>
The foreign key search window for workspace fields will now display as a maximized window rather than a smaller window that can be maximized by the user.
An issue that prevented read-only multi-line workspace fields from displaying correctly with the Redwood theme has been resolved.
An issue that caused an error when opening a Guided Assistance guide that had plain text labels has been resolved.
